

SLOW DANCE... WHAT'S ANDO ON?

Filmed / Edited, by Justin Arana

September 2013 – What's Ando On? Haydenshapes sat down with Craig Anderson in a candid interview to talk about his quiver, his surfing and reliving some of those epic waves from one of years most anticipated films in surf, 'Slow Dance'.

Premiering globally last month to rave reviews, Slow Dance is a film project by Quiksilver starring **Craig Anderson**, directed/ edited by **Dane Reynolds**. Other collaborators on the film include Beren Hall (Producer) and Dustin Miller (filmer). The crafts beneath Craig's feet? Well that's where **Hayden Cox** and **Haydenshapes Surfboards** came in.... and what a quiver it was.

ANDO'S QUIVER

Hypto Krypto FutureFlex - 5'4 x 19 1/2 x 2 3/8

Psychedelic Germ FutureFlex - 5'6 x 18 3/4 x 2 3/16

The Ando - 5'9 x 18 1/2 x 2 3/16 **The Merlot** - 5'5 x 19 x 2 1/4

Cannon - 6'6 x 19 1/4 x 2 7/8 (Red Tint)

Cannon - 5'10 x 19 3/4 x 2 3/4 (Black Tint)

The interview delivers a first hand account of what goes into Craig's board selection specific to the conditions, his favourite sessions from the film and a bit of insight behind how he controls his hardware in the water... A clip for serious surfboard enthusiasts and Ando fans.

ABOUT HAYDENDSHAPES

The essence of Haydenshapes Surfboards centers around science and innovation with a youthful injection of art and culture. Founded by Hayden Cox (creator of FutureFlex technology), Haydenshapes Surfboards are a leading brand from Australia, sold globally in over 72 countries known from their progressive design and top selling model 'Hypto Krypto'.

A special thanks to Craig Anderson, Quiksilver, Marine Layer Productions and Joe Duggan.
